

Dear Parents,

At YOSS we are proud of our open communication with the parents. To help facilitate the communication, the Yeshiva uses ParentLocker, an online school portal. You will be able to stay informed and up-to-date on your childrens' homework, school news, events, how your children are doing in school and more. You will also use ParentLocker to view report cards and also schedule Parent Teacher conferences.

To get started, visit <http://yoss.parentlocker.com/>, click the "Activate Account" link under the login box, and enter your activation code in the box that pops up. Here is your activation code:

<http://yoss.parentlocker.com>      Activation code: **\*\*\*CODE\*\*\***

Follow the on-screen directions to activate your account. You only have to activate the first time; after that, you can just login directly at <http://yoss.parentlocker.com/>. Also, please add [emails@parentlocker.com](mailto:emails@parentlocker.com) to your address books to ensure you receive YOSS emails. If you have any questions, please contact the school office.

The Administration
