YESHIVA OF SOUTH SHORE
FOOTBALL FIELD

Dear Friends,

Our students are always on the forefront of our minds... just like learning is on the forefront of their minds.

After a few hours of intense learning, reviewing, and testing, everyone needs a refreshing break – especially our students.

A state-of-the-art football field would be of great value and help to allow our students an invigorating outlet for them to come back to class renewed and rejuvenated.

That's why we are currently finalizing the plans to build an artificial turf football field on their existing playing field. The field will be 100 x 60 feet of artificial turf, providing a safe, professional, and upgraded game for our boys.

Join us and take part in this project, as we upgrade our campus to new heights!
