

SCHOOL TECHNOLOGY SERVICES

- ✓ Education for staff & students
- ✓ Technology Guidance
- ✓ Filter Management
- ✓ Device Monitoring
- ✓ Crisis management

Our goal is to prevent situations that become a crisis because the lack of proper education and fences. However, if a crisis does arise, Project Trust has a team of mentors and connections to top therapists & other specialists to make sure the situation is dealt with in a timely and proper manner.

During an initial discovery session, we will meet with the necessary faculty to help educate and create a customized technology plan for your school. Once established, meetings with each staff member & student are scheduled to protect their devices, educate them on the issues, and implement your technology policy. Ongoing monitoring and behavioral incentive programs are available on an as-needed basis.

WE ARE HERE TO PUT A STOP TO

Cyber-bullying

Pornography

Addiction
